

I listen several hours per day to K-LOVE at dial 94.3 in the Chicago suburbs where I live and work.

The spiritual and educational value of K-LOVE to me and our community is substantial. I believe my donations to maintain this radio station are a great value to me and a tremendous service to the community. There would be a huge loss to me and the Chicago area if KLOVE were to be replaced by a Low Power FM provider of, at this point, unknown or undesirable programming.

The KLOVE programming is essential for the many thousands in the area who listen to the station and its inspirational, encouraging and contemporary programming format of Christian music, encouragement and high standards and moral values.

Thank you for providing the opportunity to express my opinion. Please do not hesitate to contact me if you would like further input.
